Dear Hiring Manager,

I am writing to express my interest in the **Data Analyst** position at your organization. I am currently pursuing a Master's degree in Data Analytics at the University for the Creative Arts and bring over 3.5 years of professional experience as a Quality Analyst at Cognizant Technology Solutions. I am eager to apply my analytical, technical and problemsolving skills to contribute to your team's success.

During my time at Cognizant, I worked extensively with SQL, Python, Power BI and Tableau to analyze data, develop interactive dashboards, and generate performance reports that supported business decision-making. I also gained valuable experience in software testing, data validation, and quality assurance , ensuring the accuracy and reliability of business-critical applications and data. These experiences strengthened my ability to transform complex datasets into meaningful insights while maintaining a strong focus on quality, collaboration and continuous improvement.

My academic studies have further enhanced my knowledge of data analytics, statistical analysis, data visualization and machine learning concepts. I enjoy solving complex problems, identifying trends and using data-driven insights to support informed business decisions. I am a quick learner who adapts easily to new technologies and thrives in collaborative , fast paced environments.

I am excited about the opportunity to contribute my skills and continue learning within a dynamic organization. I am available to work part time during my studies and can begin immediately. I am confident that my combination of industry experience, technical expertise and enthusiasm for analytics would make me a valuable addition to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experience align with your organization's needs. I look forward to hearing from you.

Sincerely,
Shushrutha Reddy
